

Condo Manager

A revolutionary web site for your building!

Condo Manager

A revolutionary web site for your building!

Condo Manager software is an invaluable resource for condo boards, owners, residents and property management companies. Condo Manager allows anyone with Internet access to use a customized web site with a simple interface to obtain valuable information.

Features:

- Create and distribute building announcements
- Publish quarterly or monthly newsletters
- Conduct resident polls
- Organize discussion forums
- Provide instant e-mail and cell phone notification of deliveries and messages from the Concierge
- ... and much, much more!

Additional features and user-friendly enhancements are being added continually!

Visit www.manageyourcondo.com for an online demonstration!

Call **416-977-4411** for more information!

Find out how Condo Manager can work for you!

Fast and simple to use!
Save time and increase communication!
Ongoing support and updates included!

“What great software! It put our building on the web overnight. Our residents love all the new features. Staying in touch has never been easier!”

80 Cumberland St., Toronto

“Condo Manager has really made communicating with and informing our owners and tenants a breeze! Frankly, I really don't know how we got along without it!”

8 Wellesley St. East, Toronto

“Condo Manager has allowed our Board to better address owner concerns as they arise and to post answers to the most common AGM questions. New owners get up to speed very quickly!”

298 Jarvis St., Toronto
